

The City of Lansing has collected over 40,000 pounds of worn-out athletic shoes through Nike's Reuse-A-Shoe recycling program. The shoes are shipped to Nike's processing facility in Oregon, where they are turned into new sports surfaces.

This is an on-going program. Please see list of drop-off locations below. Call 517/483-4400 or email recycle@ci.lansing.mi.us for more information.

If you have a large amount of shoes to drop off, you must call 483-4599 to schedule a time to bring them directly to the City of Lansing's Drop Off Site, located at 530 E. South St.
